The same one (Thank You again!) sent me some SoPE workshops as well as a refresher on economics. I spent 1-2 hours on the economics, primarily focusing on how to read the A/F, A/P tables, and never touched this topic again. The workshop questions are way too complicated than the exam. One doesn't need to take the real exam to tell that.

For the PE Exam you will most likely find at least 1 question for economics. These questions can be easily broken down to looking at two or more options, one a current amount, a second future amount, and a third cash transactions in the middle. You will ultimately have to evaluate the options with present cash value or future cash value.
