User's Guide : 1 : Introduction

This volume provides a users guide to FLAC/Slope, a mini-version of FLAC that is designed specifically to perform factor-of-safety calculations for slope stability analysis. Command and FISH Reference Summary A quick summary of all FLAC commands and FISH statements is contained in the Command and FISH Reference Summary.

FLAC Manual | Finite Element Method | Computer File

The purpose of this manual is primarily to assist FLACS users in their practical work with the software. In addition, the manual aims at documenting both the physical and chemical models, and the numerical schemes and solvers, implemented in the CFD code.

FLACS User's Manual

FLAC is a general purpose audio format supported by many programs. Most of the documentation here is about the FLAC format itself and the tools we provide, but there is also information on using other programs that support FLAC.

Geared toward new users, FLAC Basics is an introduction to the application of Itasca's FLAC software in geotechnical engineering. FLAC 8 Basics is based on the original FLAC Basics text first written in 1993 and extends the documentation to demonstrate the power and ease-of-use of FLAC's graphical user interface and new features in FLAC version 8.0 to facilitate the solution of complex ...

FLAC - documentation

Description. FLAC, Fast Lagrangian Analysis of Continua, is numerical modeling software for advanced geotechnical analysis of soil, rock, groundwater, and ground support in two dimensions. FLAC is used for analysis, testing, and design by geotechnical, civil, and mining engineers. It is designed to accommodate any kind of geotechnical engineering project that requires continuum analysis.

FLAC3D | US Minneapolis - Itasca Consulting Group, Inc.

Notes for FLAC3D 6.0 Users. The MODEL LARGE-STRAIN command now must be given before cycling in every model. A FLAC3D model no longer defaults to small-strain. This was necessary for compatibility with PFC/3DEC which made different initial assumptions in the past. Now all of them require this to be specified explicitly. FLAC3D 7.0 now automatically loads PFC 7.0 Alpha and 3DEC 7.0 Alpha at startup.
