However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

John Kenneth Galbraith The Affluent

The Affluent Society is a 1958 (4th edition revised 1984) book by Harvard economist John Kenneth Galbraith. The book sought to clearly outline the manner in which the post-World War II United States was becoming wealthy in the private sector but remained poor in the public sector, lacking social and physical infrastructure, and perpetuating income disparities.
