The Settlers Movement Trilogy 1
The Settlers, part 1 of The Movement Trilogy (actually kind of a 4 parter), is an emotional tour de force (but not overly emotional, and not emotionally draining) covering the slowly unfolding events leading up to a revolution across the twelve civilian space stations which now represent the last vestige of hope for the human species continued survival.

The Settlers Book 1 Of The Movement Trilogy
Had the author approached Settlers as Bradbury and Asimov did, writing short stories that told the tale of a future historical movement, and steeping every scene with an urgent sense of foreboding from the failing Earth, I think the novel would have been a success. As it is, I don't think I'll be picking up the second book in this author's trilogy.
